

THE GARDENS

HARBOUR ISLAND - ANTIGUA

FURNISHING PACKAGE 1

ISLAND MODERN

Island Modern

The west coast of Antigua is the winter retreat for snowbirds and travellers seeking peace and fun in our healthy Antigua climate.

Our Island Modern style can be perceived as a casual modern island style but it is actually quite sophisticated.

Light natural timbers with accented wood furniture, coastal influences with a base palette of fresh whites, light greys, blues and greens interspersed with florals and stripes make this a beautiful interior look for your villa.

Furnishing Options and Supply

What does the package include?

Full furnishings
Kitchen Appliances
Window Treatments

How we work with you

Elmsbridge has carefully crafted two furnishing packages for The Gardens. The first is “Island Modern,” reflecting a relaxed yet sophisticated style, the second is “Island Casual” which showcases a light and breezy look and feel.

We work with domestic, regional and international suppliers whom we have vetted for quality and suitability in the Caribbean environment, and which we have many years experience with.

You’ll see in the following pages a design board for each room showing the furniture style choices. Our chosen materials are both practical and luxurious. In Caribbean homes, we like to blend of soft linens, best-in-class cottons, solid wood pieces, red metal fixtures (brass or bronze), grasscloths, outdoor fabrics, stone and wood that patinas over time.

Is there a warranty?

All manufacturer warranties are passed on to you and in the case of the kitchens and bathrooms, we have local supply and servicing partners in Antigua, with the intention that your home remains practical and easy to maintain.

Can I make changes?

We can adjust your furniture package at our design office, and work on this is charged hourly.

Ordering, Coordination and Installation

Your final order will be placed with our local and international suppliers, we will organize shipping, delivery and full installation prior to your first stay in your new villa.

We look forward to finishing your home so you can kick off your flip flops and relax.

Sincerely,

Kate Taylor
